Burbank	Self-Built	<p>The popcorn fragrance was an excellent idea. Would have been great to have scent coming out sides. Almost missed it since it came from back.</p> <p>A great community spirit and effort impressive. More attention to edge conditions such as end of the screen and back of the screen.</p> <p>Perhaps enable your volunteers to speak. Reward at least one with a brief speaking role. The finished product exceeded expectations. Set the bar high with charm, attention to detail and whimsy . Designer wisely played the 360 degree view.</p>
